Managing Telecommunications For Advantage

WHS Policy

TeleResources Engineering (Australia) Pty Ltd (Teleres) is committed to providing safe and healthy working conditions for the prevention of work- related injury and ill health in the provision of engineering and project management services to our clients in the Australian telecommunications industry.

Our over-arching objective is to ensure no harm to workers, management, client's staff or public in the provision of our services.

Teleres is committed to fulfilling our legal and related requirements; to the elimination of hazards and the reduction of WHS risks

As part of our integrated management system program we are committed to the continual improvement of our WHS management system

Our commitment to WHS includes the commitment to allow, enable and encourage consultation and participation of workers, and, where they exist, workers' representatives.
